

PURCHASE OF SERVICES EXPENDITURE AND DEMOGRAPHIC DATA

Report Prepared December 2013

Welfare and Institutions Code 4519.5
Purchase of Services Expenditure Data by Diagnosis, Ethnicity, Language, and Age
For Regional Center of the East Bay

The following data is being posted pursuant to recently added section of the Lanterman
Developmental Disabilities Services Act.

Welfare and Institutions Code Section 4519.5

4519.5. (a) The department and the regional centers shall annually collaborate to compile data relating to purchase of service authorization, utilization, and expenditure by each regional center with respect to all of the following:

(1) The age of consumer, categorized by the following:

(A) Birth to age two, inclusive.

(B) Three to 21, inclusive.

(C) Twenty-two and older.

(2) Race or ethnicity of the consumer.

(3) Primary language spoken by the consumer, and other related details, as feasible.

(4) Disability detail, in accordance with the categories established by subdivision (a) of Section 4512, and, if applicable, a category specifying that the disability is unknown.

(b) The data reported pursuant to subdivision (a) shall also include the number and percentage of individuals, categorized by age, race or ethnicity, and disability, who have been determined to be eligible for regional center services but are not receiving purchase of service funds.

(c) By March 31, 2013, each regional center shall post the data described in this section that is specific to the regional center on its Internet Web site. Commencing on December 31, 2013, each regional center shall annually post this data by December 31. (d) By March 31, 2013, the department shall post the information described in this section on a statewide basis on its Internet Web site. Commencing December 31, 2013, the department shall annually post this information by December 31. (e) Within three months of compiling the data with the department, and annually thereafter, each regional center shall meet with stakeholders in a public meeting regarding the data.

Included in the beginning of this report is a summary of limitations related to this data. We encourage you to review this introductory summary before reviewing the data.

Regional Center of the East Bay (RCEB) will be holding a public meeting in the near future to present this data. Please check our website, www.RCEB.org, where we will be posting the notice of this meeting.

REGIONAL CENTER PURCHASE OF SERVICES (POS) DATA LIMITATIONS OF POS EXPENDITURE DATA

1. Purchase of Service Costs

The Purchase of Service (POS) data displayed represents the cost of services that Clients received that are paid for by the regional center. This POS expenditure data does not include the cost of services Clients receive that are paid for by Supplemental Security Income, Medi-Cal, the school system, and other generic agencies. The POS expenditure data represents expenditures the regional center made for services Clients received during Fiscal Year (FY) 2012-13 based on regional center POS state claim data that was provided to DDS as of December 16, 2013. The regional center may still make payments for services provided to Clients during FY 2012-13 up until June 2015.

2. Client Count

The total number of Clients who received services during the fiscal year will be greater than the regional center's actual caseload. A Client is included in the data if the Client received a regional center funded service at any time during the fiscal year. A Client who received a single service once during the year is counted the same as a Client who received ongoing monthly services. The Client is also counted regardless of their current status with the regional center. The data may include Clients whose current status is closed, transferred-out, in-active, etc. if the Client received regional center services during FY 2012-13.

3. Contract Purchase of Service Expenditures

Due to the limitations of the regional center uniform fiscal system (UFS), POS expenditure data may not include payments made by the regional center that are paid to a service provider under a "contract". Currently, UFS is unable to allocate expenditures paid to a service provider under a "contract" to Clients utilizing the "contract" service. Therefore, POS expenditures paid under a "contract" are excluded from the POS data. Typical services paid to a service provider under a "contract" may include, but are not limited to, transportation services and supported employment program (SEP) group services. Therefore, the total amount of POS expenditures reported will not reconcile with the regional center's actual POS expenditures for FY 2012-13.

4. Authorized Services

Services that are authorized "encumber" the funds needed to pay for those services. The regional center's computer system (UFS) gives the regional center options regarding the "maintenance" of its encumbrances. When encumbrances are routinely adjusted for non-utilization, there will be a higher utilization percentage. When

encumbrances are not routinely adjusted for non-utilizations, there will be a lower utilization rate.

5. Clients with Multiple Diagnoses

There are many clients who have more than one diagnosis. In the summary reports for Purchase of Service Expenditures by Diagnosis and Consumers with No Purchase of Service by Diagnosis these consumers will be counted in every category for which they have a diagnosis. As an example, a client with a diagnosis of both autism and epilepsy will be counted in both the "Autism" and "Epilepsy" categories. Therefore, the sum of the clients reported in all the categories will be more than the total number of clients served by the regional center.

6. Category 5 Clients

Clients listed in Category 5, according to Welfare and Institutions Code section 4512, are individuals who have "disabling conditions found to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, but shall not include other handicapping conditions that are solely physical in nature."

Total Annual Expenditures and Authorized Services by Ethnicity or Race

\$275,995,093	\$11,425,639	4.1%

Individuals with multiple diagnoses are reported multiple times in the "Total Annual Expenditures and Authorized Report by Diagnosis - Legislative" report in order to capture information regarding expenditures made by the type of diagnosis. Therefore the total number of consumers, total actual annual expenditures, and total annual authorized amounts will not reconcile with the regional center's actual consumer caseload, the regional center's actual annual expenditures, or the regional center's authorized annual amounts. Additionally, the expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.

The expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.

PURCHASE OF SERVICES EXPENDITURE AND DEMOGRAPHIC DATA
BY DIAGNOSIS, ETHNICITY, LANGUAGE and AGE
FOR FISCAL YEAR 12-13

Report Prepared December 2013

Regional Center of the East Bay
Purchase of Service Expenditure Data by Diagnosis, Ethnicity, Language, and Age
For Fiscal Year 12-13 (based on authorizations and payments for F/Y 12-13 through claims submitted through 11/30/13)
